6013376 8nov11 correspondence from Facility\_Ethanol blend.pdf

Good morning Jack,

Mac asked me to find out when the tank owner started storing Ethanol blended gasoline in the USTs at East End Exxon in Luray, Virginia. Attached is the response from Holtzman which states they started delivering this blend in August 2008. Please if you have any other questions feel free to contact me.

Have a nice day,

Kathy
